

Appl. No. 10/633,655
Supplemental Amendment
August 26, 2004

REMARKS

Based upon the telephone discussion of this date with the Examiner, Mr. Young, due to errors in the Supplemental Amendment filed July 26, 2004, a Corrected Amendment properly setting forth the claims of the patent in which the only changes are the bracketing of "at least equal to" and the underlining of "greater than" in independent claims 1, 5 and 8 is presented. Applicants note that the Examiner advises that the Substitute Supplemental Amendment filed August 25, 2004 is not a proper form of amendment, such that neither amendment of July 26, 2004 and August 25, 2004 should be entered, with the present Corrected Supplemental Amendment being entered in this application so as to place such claims in proper form for issuance as a reissue patent.

Accordingly, entry of this amendment and issuance of the reissue patent is respectfully requested.

To the extent necessary, applicant's petition for an extension of time under 37 CFR 1.136. Please charge any shortage in the fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account No. 01-2135 (501.26379R00) and please credit any excess fees to such deposit account.

Respectfully submitted,
